

## PAJALADE

Plant Breeders Right

**Breeder : AC FRUIT**  
**Editor : STAR FRUITS**

Exceptional variety for fruit size potential and eating quality.

**MATURITY PERIOD : ROME STAR\* + 8 days**

### AGRONOMY

**Habit :** Semi-upright  
**Vigor :** Medium  
**Productivity :** Very high

### FLOWERING

**Flowering period :** Late  
**Floribondity :** High  
**Thinning level :** Medium to high

### FRUIT

**Caliber :** 2A/3A  
**Stone :** Semi-freestone  
**Firmness - storability :** Very high  
**Shape :** Round flattened  
**Colour intensity :** High  
**Eating qualities :**  
Sweet and very aromatic flavor.

### RESISTANCES

No particular sensitivity or resistance observed on this variety.

### TECHNICAL ADVICE

The fruit firmness enables a harvest at optimal coloring. Prune lightly. Even the 2-years-old week wood can be kept.
