

# LUXAPREM

Plant Breeders Right

**Breeder : AC FRUIT**  
**Editor : STAR FRUITS**

Very interesting early variety for its attractiveness and good taste quality.

**MATURITY PERIOD : WONDER COT\***

## AGRONOMY

**Habit :** Semi-upright  
**Vigor :** Medium  
**Productivity :** High

## FLOWERING

**Flowering period :** Early  
**Floribondity :** Medium to high  
**Alleles :** S1 S6/Sx  
**Pollinators :** Self-fertile  
**Thinning level :** Depend on the floribondity of the year.

## FRUIT

**Caliber :** 2A/3A  
**Shape :** Round  
**Eating qualities :** Fruit with good balanced and aromatic flavor.

## SENSITIVITIES & RESISTANCES

The variety isn't sensitive to cracking. Do not overload the young tree to avoid alternation.

## TECHNICAL ADVICE

Thinning can be practiced in case of strong floridity. Short pruning, ideally on may bouquets.
